

Rationale for child data collection

There is currently a dearth of information held to understand how effective the education sector is for foreign nationals and to effectively measure the impact of foreign nationals on the education sector. This new information, along with the data collected on nationality and proficiency in English, will help bridge that data gap and provide the Department with valuable statistical information on the characteristics of these groups of children and, along with their attainment and destinations, will allow the Department to measure whether the individual pupils, or the schools they attend, face additional educational challenges.

The collection of this data is consistent with that which was collected as part of the last UK national census. However, although this data source covers the whole population it is only updated every 10 years and, as such, does not provide timely enough data for future policy making hence the requirement to collect this data via the early years and school census.

Child's Ethnicity

Information on the ethnicity of recipients of funded EY places will be used to monitor inclusion strategies and other government and local initiatives. Ethnicity must be recorded as stated by the parent/guardian.

Child's 1st or main language

The language code is collected for all children on roll. This information enables EY settings (and authorities) to collect and transmit information on the specific languages of those children whose home or first language is other than English. In these instances an extended language code set is available as an alternative to recording a pupil's language as OTH or OTB. The annual early years and schools census includes the value held within the EY settings MIS. EY settings' MIS systems should also hold more than one specific language where this is required locally. The "Home" language is recorded with any another language recorded as the second language.

Child's country of birth

The country of birth is collected for all children on roll and records the country in which the child was born, as stated by the parent/guardian. The country of birth would be expected to appear on – or be derived from – the child's birth certificate. This may also appear on, or be derived from, the passport. However, there is no requirement for the school to request, or see, a copy of the passport.

Child's nationality

Pupil nationality is collected for all children on roll and is the nationality of the child as stated by the parent / guardian. The child's nationality would be expected to appear on – or be derived from –the passport or European economic area (EEA) identity card. However, there is no requirement for the school to request, or see, a copy of the passport or identity card.

For children with 'Multiple Nationality' (also known as 'Dual Nationality') more than one nationality may be recorded.

	Gypsy / Roma	Gypsy / Roma	WROM	WROM	This category includes pupils who identify themselves as Gypsies and or Romanies, and or Travellers, and or Traditional Travellers, and or Romanichals, and or Romanichal Gypsies and or Welsh Gypsies / Kaale, and or Scottish Travellers / Gypsies, and or Roma. It includes all children of a Gypsy ethnic background or Roma ethnic background, irrespective of whether they are nomadic, semi nomadic or living in static accommodation. It should not include Fairground (Showman's) children; the children travelling with circuses; or the children of New Travellers or Bargees unless, of course, their ethnic status is that which is mentioned above. Schools would use this where they do not wish to identify Gypsy and Roma pupils separately
	Gypsy/Roma	Gypsy	WROM	WROG	This category enables the separate identification of Gypsy pupils. Gypsy refers to: all pupils who identify themselves as Gypsies. This includes all children of a Gypsy ethnic background, irrespective of whether they are nomadic, semi-nomadic or living in static accommodation
	Gypsy/Roma	Roma	WROM	WROR	This category identifies the separate identification of Roma pupils. Roma refers to: all pupils who identify themselves as Roma or Romany, part of a diverse community of related groups whose ancestors are believed to originate from the Indian sub-continent but who have more recently migrated from Central and Eastern Europe. Many Roma speak a form of dialect of the Romani language as their first language and for many this is in addition to their national language (eg Czech or Romanian).
	Gypsy/Roma	Other Gypsy/Roma	WROM	WROO	This category is for Gypsy/Roma who do not identify with one or the other of the above groups - eg pupils with mixed Gypsy/Roma heritage
