

Airport and Technical Sites Safeguarding Map

Key

 Biggin Hill Airport Safeguarding Area. Birds (Biggin Hill Airport to be consulted on developments likely to attract birds and all applications connected with aviation use within this boundary)

 London City Airport Safeguarding Area. Birds (London City Airport to be consulted on developments likely to attract birds and all applications connected with aviation use within this boundary)

Within the following Safeguarding Areas, the respective airport authority will be consulted where development is over certain heights within specific parts of the areas. Maps showing these details can be inspected at the Planning Division Enquiry desk.

 London City Airport Safeguarding Area (London City Airport to be consulted on developments within this boundary)

 Outer boundary of Biggin Hill Airport Technical Site Safeguarding Area (National Air Traffic Services will be consulted on developments within this boundary)

Please Note - These maps are for indicative purposes only, official safeguarding maps are held by the Council for public inspection.
