

# Comments for Planning Application 24/00815/FULL2

## Application Summary

Application Number: 24/00815/FULL2

Address: London Electricity Board Depot Churchfields Road Beckenham

Proposal: Full application for the temporary (5 years) change of use from SUI Generis formed of an electricity undertaker's depot to a dual use of Class B8 (to provide a scaffolding equipment storage/distribution yard) and SUI Generis retaining the existing electricity undertaker's depot. Retrospective.

Case Officer: Susanna Stevenson

Address: Not Available

## Comment Details

Commenter Type: Local Resident

Stance: Customer objects to the Planning Application

Comment Reasons:

- Objection

Comment: As a local resident who backs on to the proposed change of use I am extremely concerned about

- 1) The increase of noise pollution generated by loading & unloading scaffolding to everyone who works and lives in the vicinity including a school, 2 recreation public parks & local residents.
- 2) The increased traffic & consequently increased air pollution of scaffold vehicles to the adjacent school, the 2 parks & local residents
- 3) The general road safety & traffic impact of such a business using the proposed existing road to the recycling site and Churchfields Rd and the safety of parents and children travelling to & from school..

I strongly object to this planning application on these grounds
