

How the Adult Social Care precept is calculated:

Your Council Tax bill is in a prescribed format required by Government. From 2025/26 the Council is no longer required to display the Adult Social Care precept separately. For clarity, the information below is designed to explain how the increases are calculated.

The Adult Social Care (ASC) precept increase for 2026/27 is 2%. The ASC precept increase for 2026/27 is 2% of the combined Bromley element only for 2025/26 e.g., for properties in band D the combined Bromley element of the Council Tax for 2025/26 was £1,552.08 so 2% of this is £31.04.

The increase is then added to the ASC precept levied in 2025/26 to make the ASC precept for 2026/27 e.g. for properties in band D the ASC increase is £31.04 which is then added to the ASC precept levied in 2025/26 of £247.53. This makes the ASC precept for 2026/27 £278.57 (£31.04 + 247.53).

The table below shows how the ASC precept increase for 2026/27 was calculated for all the valuation bands:
