

Early Years SEN Advisory Team

Disability Access Funding (DAF)

Working in partnership with settings and childminders to support children with a special education need or disability.

Vision Statement:

“All working together to enhance the lives of children with special educational needs and disabilities and their families.”

Disability Access Funding (DAF)

What is Disability Access Funding?

The disability access fund (DAF) is designed to support children with disabilities or special educational needs within their chosen early years setting.

The DAF aids access to early years places by supporting providers in making reasonable adjustments to their settings and helping with building capacity (be that for the child in question or for the benefit of children as a whole attending the setting).

Funding can be used as a contribution towards resources that would benefit the child; training that is specific to a child's area of need or for additional staffing to provide a higher staff ratio at certain times.

Eligibility

ONLY Three and four year olds will be eligible for the DAF if they meet both of the following criteria:

- The child is in receipt of child disability living allowance (DLA)
- The child receives free early education

Note: Four-year olds in primary school reception classes are NOT eligible for DAF funding. Children become eligible for free early education at different points in the year depending on when they turn three.

Disability Living Allowance (DLA) for children may help with the extra costs of looking after a child who:

- is under 16
- has difficulties walking or needs much more looking after than a child of the same age who does not have a disability

[For more information on how to claim DLA and advice on how to complete the form download the guide](#)

Entitlement

- The settings of three- and four-year-olds eligible for the DAF will be entitled to receive a one-off payment of £615 per year. The DAF is not based on an hourly rate and is an additional entitlement.
- Children do not have to take up the full 570 hours of early education they are entitled to in order to receive the DAF. Children in receipt of the DAF will be eligible where they take-up any period of free entitlement.

Who is responsible for identifying eligible children?

Early years providers are responsible for identifying eligible children. Providers are encouraged to speak to parents in order to find out who is eligible for the DAF. Parents of children qualifying for Disability Living Allowance will be required to provide documented evidence of this entitlement, and providers will need to take a copy of this evidence.

How early years providers receive DAF funding

- The local authority will fund all early years settings and childminders providing a place for each child eligible for the DAF in their area at the fixed annual rate of £615 per eligible child.
- The DAF will not be offset against any other funding which the local authority may ordinarily be providing for children eligible for the DAF.
- The DAF is payable as a lump sum once a year per eligible child. If a child eligible for the DAF is splitting their free entitlement across two or more providers, the local authority will ask parents to nominate the main setting. This setting will be where the local authority will pay the DAF for the child.
- If a child receiving DAF moves from one setting to another within a financial year, the new setting is not eligible to receive DAF funding for this child within the same financial year. DAF funding received by the original setting will not be recouped by the local authority.
- Where a child lives in one authority area but attends a provider in a different local authority, the provider's local authority is responsible for funding the DAF for the child and eligibility checking.
- All early years providers who are eligible to receive funding for the 3- and 4 year-old early entitlement education are also eligible to receive the DAF.
- Payment in any further years will not be automatic - the parent must provide evidence on an annual basis and the process will need to be repeated every year.

In order to deliver an effective service, the Early Years SEN Advisory Team adheres to the London Borough of Bromley's policies and procedures.
